STAT

1. [REDACTED] called me this morning to say that the DCI's Director of Public Affairs, Herbert Hetu, would like to visit the [REDACTED] and meet with [REDACTED] and [REDACTED] if that can be arranged. [REDACTED] explained that Hetu does not know as much as he should about the RMS and the CTS. At the same time, Hetu would appreciate an opportunity to explain his public affairs mission more fully and determine what, if anything, he could do for [REDACTED] [REDACTED] noted that Hetu's public affairs role is not limited to CIA; rather, it tracks with the DCI's responsibilities.

2. [REDACTED] said he had placed a call to you also, since we are both PAAG members, but since he had reached me first would I coordinate with you and try to arrange the visit. He is thinking of something like 10:30 to 12:00 noon some morning soon. Only [REDACTED] and Hetu would attend. I suggest that we pursue this in our respective channels and then get together again.
